PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 3+ years of experience building scalable, high-performance web applications using React.js, TypeScript, Next.js, and Vite.js. Strong expertise in Redux Toolkit, Redux-Saga, REST API integration, responsive UI development, and WebView-based enterprise solutions.

CORE SKILLS

- React.js, Next.js, TypeScript, JavaScript (ES6+), Vite.js
- Redux Toolkit, Redux-Saga, RTK Query, Axios
- Material UI, Tailwind CSS, Chakra UI, HTML5, CSS3
- REST APIs, SPA Architecture, Performance Optimization, WebView Integration
- Git, GitHub, Agile Methodology

PROFESSIONAL EXPERIENCE

- Developed and maintained 10+ production-grade React applications serving 10K+ users across B2B and B2C platforms.
- Improved application performance by up to 40% using lazy loading, memoization, and optimized component rendering.
- Implemented scalable state management using Redux Toolkit, Redux-Saga, and RTK Query.
- Built reusable, responsive UI components ensuring cross-browser compatibility.
- Developed WebView-based React modules embedded into enterprise mobile applications.
- Collaborated with backend, QA, and product teams in Agile environments.

KEY PROJECTS

- **FAWZ:** Wholesale footwear platform built with React.js, Redux-Saga, Chakra UI enabling bulk ordering and product management.
- **EMS Partner Portal:** Loan application and merchant onboarding platform with secure document verification.
- **ParikshaDo:** Online mock exam platform for teachers and students using React, Redux, Material UI.
- **Voso Vyapar:** Inventory and sales management platform using React.js and Redux Toolkit.
- **Vision Intelligence Blackhat:** Multilingual admin, merchant, and customer service platform (English & Arabic).
- **Stack Infinite Website:** High-performance corporate website built with Vite.js and TypeScript.
- **Vyapaar Vistaar:** FMCG distribution and real-time inventory management solution.
- **Prataap Snacks Limited (Yellow Diamond):** React WebView modules embedded in enterprise mobile app.
- **Purehug:** Sales, billing, and performance WebView modules for FMCG mobile application.
- **Intellimax:** Modern responsive corporate website highlighting products and services.
